About Ian:

Born in Edinburgh, Ian Cape started his musical life by tapping on the pews in his local church. After years of pestering his long-suffering parents, he began studying drum kit aged 9, playing with several rock bands shortly thereafter. Percussion lessons with Pam Dow at the Junior department of the then Royal Scottish Academy of Music and Drama culminated in a bursary to study at the Royal Academy of Music in London.

Ian attended All Souls Langham Place, London for many years, where he was heavily involved in the various music ministries under Noel Tredinnick, playing in services, the orchestra and in various outreach programs across London and further afield, on an eclectic diet of music ranging from the extremely traditional to the latest contemporary offerings.
